To whom it may concern,

RE: REX SCHWEITERS T/A TENT CLEANER

We confirm that we have dealt with TENT CLEANER since April 2009.

HireQuip Events chose to engage TENT CLEANER in cleaning services supply for our marquee fabric roofs and panels, following a number of issues arising from an inability to effectively clean our own fabric in-house due to a lack of facilities and extreme time constraints to achieve this between projects.

Since contracting TENT CLEANER we have successfully completed 5 large scale projects due in no small part to the service TENT CLEANER have provided. TENT CLEANER has given our business excellent support with maintaining the quality of our marquee fabric for our large scale event projects.

Our events are time-consuming and time-critical projects and having a quality and reliable supplier for our needs is a great comfort when forward planning our projects.

Since we began our relationship with TENT CLEANER, through to our most recent project, The Auckland Homeshow post-September of this year, their work has been a major factor in our success, helping us to continue to be the event infrastructure supplier of choice by providing the necessary fabric cleaning services required to complete our many tasks.

I can confidently recommend TENT CLEANER as a solid and reliable supplier, and one of the best in their field.

Yours faithfully

Jon Tamihere
